

How to hang your tree swing:

-Once you have found a suitable place to hang your tree swing, you will need to loop your rope over to hang the swing.

-Using the supplied threaded U-bolt (1 per side), slide the U-bolt on from the cut side of the rope. This will compress the 2 ropes together. (See picture below)

-Tighten the nuts on the U-bolt evenly using an adjustable wrench, 17mm or 11/16 wrench or socket can also be used.

Thank You for shopping with us and we
appreciate your business!

***Special Instructions for Teak Oiled and Water-sealed swings**

-On our swings that have water-sealer applied to them (Poplar swings, Cypress Swings, Hard Maple Swings, Cherry Swings and Yellow Pine Swings), it is recommended that water-sealer is reapplied at the customers discretion to maintain the look and protection of the wood.

-On our swings which have Teak Oil applied to them (Brazilian Walnut Swing, Sapele Swings, Red Oak Swings, and our Oakipele Swing styles), it is recommended that Teak Oil be reapplied at the customers discretion to maintain the look and protection of the wood.

***About Returns**

-If for some reason you decide to return your swing within 30 days, please make sure to include all items that were shipped with your swing (ie..clamps, rope...etc). Items such as rope clamps should be securely packaged. You will receive full refund minus our shipping cost you. A refund will be issued in the same form of payment as originally used for purchase.

***About Exchanges**

-If you decide for some reason to exchange your swing, please be sure to include everything with the swing. Items such as rope clamps should be securely packaged. Free shipping only applied to the original shipment. Customer is responsible for return shipping cost, and for shipping the replacement swing.
